

Neopower pallet

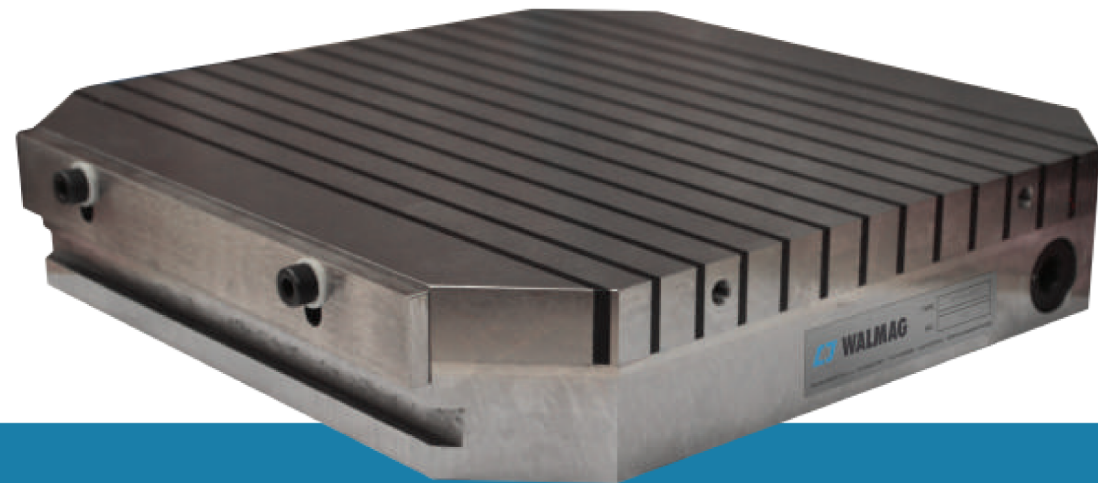

Milling

Pallets

CONSTRUCTION

- + Transverse pole division, 15 mm of steel, 4 mm of epoxy
- + Life span of top plate: 8 mm
- + Neodymium magnetic system, nominal holding force: 170 N/cm²
- + Solid steel body

APPLICATION

- + Holding of medium size to large components
- + Heavy duty and high speed milling
- + 5-Sided machining
- + Drilling, tapping
- + Heavy grinding

SCOPE OF SUPPLY

- + Back and end stop
- + Allen key
