

Turnmaster

Catalog number	Number of poles	Clamping range [mm]	Ø OD - A [mm]	Ø ID - I [mm]	Height H* [mm]	Weight** [kg]	Max. rotation speed
TURNM080025	12	250 - 790	800	0	110	435	500
TURNM100035	14	350 - 990	1000	0	110	665	400
TURNM115050	24	500 - 1140	1150	0	80 / 110	759 / 1003	350
TURNM135050	24	500 - 1340	1350	0	80 / 110	971 / 1308	300
TURNM150050	24	500 - 1490	1500	0	80 / 110	1282 / 1698	280
TURNM165080	36	800 - 1640	1650	620	80 / 110	1293 / 1725	250
TURNM180080	36	800 - 1790	1800	620	80 / 110	1563 / 2091	230
TURNM200080	36	800 - 1990	2000	620	80 / 110	1922 / 2590	200
TURNM200110	48	1100 - 1990	2000	920	80 / 110	1745 / 2328	200
TURNM220110	48	1100 - 2190	2200	920	80 / 110	2225 / 2963	190
TURNM250110	48	1100 - 2490	2500	920	80 / 110	2877 / 3876	180
TURNM225140	56	1400 - 2240	2250	1220	80 / 110	1990 / 2651	190
TURNM250140	56	1400 - 2490	2500	1220	80 / 110	2622 / 3502	180
TURNM300140	56	1400 - 2990	3000	1220	80 / 110	4038 / 5427	150
TURNM300160	56	1600 - 2990	3000	1420	80 / 110	3530 / 4821	150
TURNM360200	72	2000 - 3620	3640	1820	80 / 110	5245 / 7082	120
TURNM360220	72	2200 - 3620	3640	2020	80 / 110	4790 / 6485	120
TURNM360240	72	2400 - 3620	3640	2220	80 / 110	4275 / 5813	120
TURNM400200	72	2000 - 3980	4000	1820	85 / 115	6733 / 9079	100
TURNM400220	72	2200 - 3980	4000	2020	85 / 115	6245 / 8449	100

- + Electro permanent magnetic clamping system
- + Demagnetization without residual magnetism
- + Connector on the outer diameter of the magnetic plate
- + Application: turning, milling, drilling and grinding

We are able to customize the size and other parameters to your requirements!

It is possible to change the clamping range with the pole extensions variably up to ± 100 mm!

* The height without the pole slats with the connector out of the magnetic plate body / connector in the magnetic plate body. For the calculation of the total height, please add the height "PL".

** The weight with the connector out of the magnetic plate body / connector in the magnetic plate body

PL It is possible to set up the height of the pole slate in the range of 25 - 35 mm
